

Professional Engineers Ontario (PEO) chooses Vocalmeet's Learning Management System

RESULTS

By utilizing Vocalmeet's industry-leading LMS, PEO is able to offer instant access to courses and resources to 85,000 members - all from a single and secure platform.

About Vocalmeet

Vocalmeet has earned its reputation by providing state-of-the-art technology, unparalleled project management and customer service, coupled with an unwavering commitment to the success of our clients. Our goal is to delight our customers every step of the way.

We understand the unique needs of today's associations & organizations and what it takes to be best in class.

THE CHALLENGE

When launching the Practice Evaluation and Knowledge (PEAK) program, PEO was looking for a vendor that could create engaging e-learning modules and provide an easy to use, yet robust Learning Management System (LMS) for up to 85,000 members.

THE SOLUTION

PEO chose Vocalmeet, an experienced vendor that offers outstanding technology solutions to associations. The Vocalmeet implementation team worked in tandem with PEO throughout the LMS implementation and course creation process to ensure that the LMS and the new content were properly integrated. This guaranteed a seamless learning experience and error-free training administration.

The new PEO PEAK learning portal engages learners in a rich, personalized user experience with focus on video learning – all driven by a single, robust underlying LMS engine for up to 85,000 users.

“ *Vocalmeet worked with us every step of the way to build interactive online courses and to provide a learning management system that is very easy to use. They additionally developed a single sign on integration between Vocalmeet's learning platform and PEO's membership portal and they continue to provide end user support for our members.*

~Bernard Ennis, P. Eng., Director, Policy and Professional Affairs at PEO

About PEO

Established on June 14, 1922, Professional Engineers Ontario (PEO) is the licensing and regulating body for professional engineering in the province. PEO operates under the authority of the Professional Engineers Act to serve and protect the public interest by setting and upholding high academic, experience and professional practice standards for the engineering profession.

Individuals licensed by PEO are the only people permitted by law to undertake and assume responsibility for engineering work in Ontario.

HIGHLIGHTS INCLUDE

- Instant “anytime, anywhere” access to relevant courses, resources, transcripts and status information – all within a unified, coherent web environment
- Intuitive navigation so learners know where to click anytime
- Interactive learning tools that reinforce continuous learning and support problem solving

At the same time, the new implementation addresses the operational requirements for PEO’s learning approach online. For example, fluctuations in demand are handled by a highly flexible server infrastructure that guarantees an uninterrupted, real-time training delivery.

THE RESULTS

After 12 months of going live, the online training platform for PEO PEAK shows full success:

- 100% on time and on budget implementation
- 100% up-time. No service interruptions
- 92% course completion rate for members registered on the LMS
- Significant time and cost savings through Vocalmeet’s premium services and pricing for associations

CONCLUSION

By choosing Vocalmeet the rewards are profound. With Vocalmeet’s course creation services and technology, the process of getting your project live is professionally streamlined. This makes a genuine difference in staying ontime and on-budget in order to guarantee the full success of your online programs.
